To whom it may concern,

I have worked with Teri Gerson and Executive Solutions for over a decade, most recently utilizing her company to fill several sales positions. My experience with Teri and her organization has been nothing but professional and positive.

Prior to beginning a search for us, Teri and I spent a considerable amount of time talking about our company, our corporate culture and goals, as well as the qualifications we are seeking. Teri's experience in this market helped us better understand the type of candidate that would best fit our needs. Her attentiveness to our requirements is what makes her stand apart from other firms. Teri's communication skills are excellent and she makes a point of being proactive about keeping me informed as situations progress.

Hiring the right people is the single most important aspect to the success of our organization. Teri takes a personal interest in making sure that there is a mutual fit between the candidate and company. Her experience and professionalism are reflected in the quality of work she performs.

I highly recommend Teri and Executive Solutions and will continue to utilize her skills and ability throughout my career in equipment leasing.

Best Regards,
